

What Was the Source of Funding for Capital Projects?

The Federal government provided the majority of funds for both construction and repair/renovation projects to the panel of 29 HBCUs. For fiscal years 1992–1993, the Federal government contributed \$6.6 million, or 77 percent of all S&E research construction funds (Table 6-6), and \$5 million, or 55 percent of all S&E research repair/renovation funds. (See Table 6-7 on the following page.)
